

# BABY & CHILDREN'S™ PRODUCT NEWS

August/September 2005

[www.babyandchildrensproductnews.com](http://www.babyandchildrensproductnews.com)

No. 3 Vol. 5

For Baby &

EarlySounds is designed to serve as a gift for baby showers and for grandparents. It allows the sharing of first heartbeats and, later, a child's first words.

For more information call 800/ 267-5549 or visit [www.earlysounds.com](http://www.earlysounds.com).

## Nutrition Before, During And After Pregnancy

Nutrabella, LLC, developer of

nutritional food products for women, recently introduced the Belly-bar, a healthy, all-natural, fortified snack bar designed to meet the nutritional needs of women before, during, and after pregnancy.

According to the company, Belly-bars contain a nutritionally targeted formula providing the recommended amounts of iron, folic acid, and other important vitamins and minerals necessary for pre-conception, pregnant, and nursing women.

Belly-bars, which the company reports are delicious and conveniently portable, are available in three flavors—Mellow Oat, Berry Nut Cravings, and Baby Needs Chocolate.

With no cholesterol and only 170 calories, Belly Bars prove protein, folic acid, iron, calcium, Vitamin B6, Vitamin B12, Vitamin C, Vitamin D, Vitamin E, magnesium, and zinc. Conceived as a quick, convenient and tasty snack for expectant and new mothers on-the-go, one Belly-bar may provide all the supplemental nutrients needed during normal pregnancies and nursing.

Belly-bar was introduced at the American College of Obstetricians and Gynecologists' annual conference in San Francisco on May 9 - May 11, 2005. Women should consult their physician to assess individual nutritional needs.

Suggested retail price is \$2.49/bar. The minimum order is one case of 180 bars in either single flavor or multiple flavors. For more information call 800-95-BELLY or visit [www.bellyproducts.com](http://www.bellyproducts.com).

## Evenflo Launches New Pacifier Line

Evenflo® recently launched a new line of pacifiers including the Vizion™ Pacifier, Fuzion™ Pacifier, and Illuzion™ Pacifier. The pacifiers feature what the company terms extra soft and gentle *SoftTouch™* on a contoured shield designed to prevent irritation and chaffing on an infant's face.

The pacifier's clear silicone tips make it easy to determine when it's time to clean the pacifier, and the orthodontic shape is designed to ensure proper gum
